

# Barn, Crops And 6 Hogs Lost In Fire Near Town

## Origin Of \$3,500 Blaze At Ex-J. W. McIlhenny Farm Unknown

A large bank barn containing most of the year's crops was destroyed by fire late Tuesday night on the former John W. McIlhenny farm, now owned by R. S. Bohn, Mechanicsburg, less than a mile north of here along the Harrisburg road. A second alarm called the firemen back to the scene early this morning.

Neither Fire Chief James A. Aumen nor Paul Baldwin, tenant on the farm, could assign any cause for the fire. Damage was estimated at upwards of \$3,500.

# 2 Firemen, Woman Hit By Metal

While the firemen were fighting the blaze on the second trip to the farm, high winds whipped sections of metal roofing through the air striking two firemen and one spectator. Other persons narrowly escaped injury as the heavy pieces of metal whirled through the darkness.

Fireman George March was stunned when he was struck on the side of the head and the helmet of Fireman Charles Rupp, Jr., was dented badly when another section of roofing struck him.

Mrs. Albert Koontz, Steinwehr avenue, a spectator, was hit on the head and knocked unconscious. She was taken to the Warner hospital for treatment for concussion.

A half dozen hogs died in the flames or were so badly burned by the time of their rescue that they had to be destroyed. Mr. Baldwin said at the time of the fire he believed six head of cattle had burned but a checkup this morning showed all of the livestock with the exception of the hogs and a number of chickens had escaped.

The flames were discovered about 10:45 o'clock by a passing motorist who aroused the Baldwins who had retired for the night. Mr. Baldwin succeeded in removing a tractor from a shed and rescued two horses and 17 head of cattle.

Fire Spread Quickly He said the flames apparently started near the center of the upper section of the barn. A few minutes after they were discovered, fire was bursting from both ends of the stone and frame structure that measured about 70 x 45 feet.

Gettysburg firemen responded to a call and laid about 1,000 feet of hose to Rock creek but the first pumper on the scene could not be put in operation. There was a delay of more than 15 minutes until two more pumps were taken to the scene and a line of water was turned on the blazing barn. Later three streams were played on the ruins.

# 3 Sheds Also Lost

The barn was beyond saving when the firemen arrived but the delay in getting water on the flames resulted in the loss of a large shed between the barn and the highway and the destruction of milk and pump sheds housing a milk cooler at the front of the barn.

Firemen saved a large lean-to wagon shed at the west end of the barn and with it saved a large crib partly filled with corn.

The work of the fire company also saved other sheds, chicken houses and a hogpen that stood nearby. Several pieces of farm machinery were lost in the barn.

Winds Spread Sparks Mr. Baldwin said there was about 250 bushels of grain and the season's crops of hay and straw in the barn.

# William H. Martin Made Ensign In Naval Reserve

Graduating with the largest group of Naval Reserve officers ever to be sworn in at one time, William Huber Martin, son of Mr. and Mrs. William Martin, 307 North Stratton street, today was commissioned an ensign, after completing the four-month V-7 training course at the New York USNR Midshipmen's school. Eleven hundred new Naval officers made up the record-breaking class.

W. H. MARTIN In impressive ceremonies conducted in New York's Riverside church, Ensign Martin and his classmates were sworn in by Captain John K. Richards, USN, the school's commanding officer. Rear Admiral E. J. Marquart, commandant of the Third Naval district, delivered the graduation address.

The New York Midshipmen's school, it was revealed, is now turning out officers at the rate of 10,000 a year, rivaling Annapolis as a source of Naval officer-material. Midshipmen are quartered in three Columbia university dormitories, and aboard the USS Prairie State, training ship moored in the Hudson river.

After a short leave, Ensign Martin will report immediately for active duty at Urbana, Illinois.

# INDUSTRY AND MANPOWER IN '60S DESCRIBED

The relation of industry and the mobilization of manpower to the war effort in Pennsylvania from 1861 to 1865 furnished the subject for a paper on "Pennsylvania in the Civil War," which was presented at the December meeting of the Adams County Historical society, Tuesday evening at the court house by Bernard Levin of the Gettysburg National Park office staff.

He told of the conversion of many of the state's peacetime industries to war production and declared that the "prototypes of the dollar-a-year men of today were to be found in Governor Curtin's military organization." There was delay and confusion in those days, too, in gearing industry and manpower to war time demands, the speaker said, as he told of the rivalries between the state, represented by Governor Curtin, and the Federal government as represented by Secretary Cameron.

Cavalry Glamorous Cavalry was the arm of the service to which glamour was attached in those days, much in the same way as the Air Corps today, he observed. In spite of the difficulties with the state and federal conscription plans, bounties and the conflict with the Labor demands of industries in the state, an eighth of the fighting strength of the Union army came from Pennsylvania.

A quarter million of the state's three million population bore arms, Mr. Levin said, and reported that most of the state's draft quotas were filled largely by volunteers. The state, then as now, was an important source of vital war materials.

Mr. Levin's paper previously had been given before a meeting of the Pennsylvania Historical association and will be published in the state organization's magazine.

Dr. Frederick Tilberg, president of the county society, presided at the meeting and named the following to a nominating committee which will report at the January session: Dr. Henry Stewart, Hugh C. McIlhenny, P. Mark Bream, Miss Nina Storrick and Mrs. Raymond F. Topper

# ARENDTSTVILLE CLASS TO GIVE PLAY FRIDAY

A three-act comedy entitled "Mr. Cook Takes Over," by Mary Cunningham, will be presented by the senior class of Arendtsville vocational high school in the high school auditorium Friday evening at eight o'clock. The play is being directed by Sara M. Grove, English teacher at the school.

The story is centered about the problems of Mr. Cook, a high school mathematics teacher, when he attempts to assume the responsibility of his wife, namely that of managing the household. His methods meet with disapproval by Mrs. Cook and his three children, Thelma, Gladys and Ralph. Mrs. Cook objects to retiring at eight and getting up at five, Ralph objects to working in the garden, and the whole family objects to the menus planned by the "head of the household."

Further complications arise when Mrs. Morgan, the new high school principal, comes to dinner, and a suitor of Thelma's serenades her with a voice that is anything but melodious. The role of Mr. Cook will be played by Herbert Lady, while Mrs. Cook, his wife, will be played by Janet Kane. The three children, Thelma, Gladys and Ralph, will be portrayed by Janice Deardorff, Miriam Knouse and Ronald Baltzley, respectively. The parts of Donald Cook, a nephew, and Bessie, his wife, will be taken by Richard Allison and Dorothy Taylor. Suitors of Thelma, Bob Dennison and Bill Hardey, will be played by Harry Griffith and Glenn Shalbaugh.

Betty Shindlerdecker will take the part of Miss McNab, an alumnae-woman demonstrator, and Paul Fissel will take the part of Mr. Morgan, the high school principal. Dorothy Allison and Wilbur Keller will portray Mrs. Kelland, a friend of Mrs. Cook, and her son, Ned Kelland.

# USO CAMPAIGN ENDS; \$7,375

The USO drive in Adams county closed officially Monday evening with a total of \$7,375.65 although Mrs. Ellen Tipton Buehler, USO treasurer, said that she has been advised of other amounts that will come in later but are now held up by "organizational red tape."

Of the total amount \$1,674.60 came from Gettysburg and \$5,031.54 from other communities in the county. The treasurer received directly \$469.51 not credited to any group of solicitors.

Besides Gettysburg, New Oxford was the only community in the county to go over the \$1,000 mark. New Oxford's total is \$1,232.34. Littlestown followed with \$668.65; McSherrytown, \$577.46; Arendtsville, \$1,113.39; East Berlin, \$406.67; Biglerville, \$279.25; York Springs, \$189.36; Fairfield, \$156.73; Gardners, \$120; Bonneauville, \$111.40; Bendersville, \$107; Peach Glen, \$104.00, and Abbotstown, \$104.

# \$114,724 BOND SALES DURING 3 WEEKS IN NOV.

Adams countians purchased \$31,166 worth of war bonds during the third quarter of November, the Federal Reserve district informed Edmund W. Thomas chairman of the county committee, today.

This figure, together with the report for the first two quarters of last month of \$83,558, brings the total sales for the first three quarters of the month up to \$114,724. The November quota was \$143,535. Figures for the fourth and last quarter, which will not be available for several days, must total \$28,811 if the county expects to reach its November quota.

Mr. Thomas said today he felt confident that the final figures will again reveal this county as having exceeded its monthly quota.

Series "E" Quota The December quota is \$98,894. This is for the series "E" bonds only. The series "B" and "G" bonds have been removed from quota figures and their sales have been placed in the hands of the Victory Fund committee. This is expected to continue for some time. Henceforth, all monthly quotas will be for the series "E" bonds only, Mr. Thomas explained.

It was inadvertently stated that the December quota was one of the smallest. On the contrary the December quota is one of the highest and applies only to the series "E" bonds.

There will not be quotas assigned for the series "F" and "G" bonds for counties, the state or the Federal Reserve district.

The current Victory Fund campaign is for nine billion dollars for the nation and Victory Fund committees are being exhorted by the Treasury department to stimulate their efforts during December to reach this goal as an "imperative war effort financing measure."

# GIVES \$1000 BAIL IN HIT-RUN DEATH

Garland Baker, aged about 21 years, Greenmount truck driver, was charged late Tuesday afternoon with hit-and-run driving in the death last Saturday evening on the Zora-Emmitsburg highway of Harry F. Wetzel, 40, Fairfield R. D.

Baker, who was taken into custody for questioning on Monday by state police here, had been held in the lockup, Monday night, and on Tuesday was committed to the county jail. The charge was filed before Justice of the Peace John H. Base-hore by Private John M. Micka, of the Gettysburg detail of the state motor police, who is in charge of the police probe.

About 7:30 o'clock Tuesday evening Baker was released from jail under \$1,000 bail for his appearance at a hearing before Justice Base-hore at 2 o'clock next Monday afternoon. Police say Baker denies being in the vicinity at the time of the accident.

Wetzel's body was found about 8:30 o'clock lying in the middle of the road about a half-mile from Zora. He died from a fractured skull, an examination showed.

# Hitler Withdraws Some Troops From 100-Day Volga City Siege

London, Dec. 2 (AP)—Lieut. Gen. Kenneth A. N. Anderson's crack shock troops were reported today to have captured part of the highway linking Tunis and Bizerte, severing the last land communication between the two Axis strongholds in Tunisia.

The report, from the Morocco radio, was not verified from Allied force headquarters. This gain would isolate the enemy penned up in Bizerte and leave him only one way of escape—by sea.

By The Associated Press

Adolf Hitler was reported withdrawing at least part of his armies from the bloody 100-day-old siege of Stalingrad today, while on the shores of ancient Tunisia the Allies cut off the vital Axis "escape corridor" to Tripoli.

The Soviet Army newspaper Red Star said Stalingrad's defenders, folding back the weakening German siege lines, had recaptured a dominating hill on the southern side of the Volga metropolis and pushed out from two to five miles beyond the hill.

Red Star said the Russians defeated a German division in a two-day battle for the strategic height.

## Fail to Mention Scene

On the Tunisian front, German headquarters asserted that counter-attacking Axis troops "threw the enemy out of several villages" yesterday and dispersed Allied paratroopers.

An Italian communique said Axis forces gained ground against Allied armored units and captured "some dozens" of Allied prisoners.

Significantly, neither Rome nor Berlin gave the scene of the action and again failed to mention that the key Axis strongholds of Bizerte and Tunis were virtually under siege and cut off from retreat.

Dispatches from north Africa said Hitler was frantically rushing reinforcements to Tunisia by sea and air in an attempt to stave off threatening disaster, even as American and French troops severed the coastal road some 200 miles south of Tunis, the capital.

## Mussolini Breaks Silence

Meanwhile, Hitler's Axis partner, Premier Mussolini, broke months of silence to warn the invasion-jittery Italian people that any weakening would mean Italy "would renounce forever its dream of being a great nation."

Capping reports of a mounting internal crisis in Italy, Il Duce declared he had "a vague impression that the Italian people want to hear me."

Then, bitterly, he assailed Prime Minister Churchill's blunt notice to the Italian people to get out of the war or get bombed out, and promised (Please Turn to Page 5)

## Barn, Crops And 6 Hogs Lost In Fire Near Town

Origin Of \$3,500 Blaze At Ex-J. W. McIlhenny Farm Unknown

A large bank barn containing most of the year's crops was destroyed by fire late Tuesday night on the former John W. McIlhenny farm, now owned by R. S. Bohn, Mechanicsburg, less than a mile north of here along the Harrisburg road. A second alarm called the firemen back to the scene early this morning.

Neither Fire Chief James A. Aumen nor Paul Baldwin, tenant on the farm, could assign any cause for the fire. Damage was estimated at upwards of \$3,500.

## 2 Firemen, Woman Hit By Metal

While the firemen were fighting the blaze on the second trip to the farm, high winds whipped sections of metal roofing through the air striking two firemen and one spectator. Other persons narrowly escaped injury as the heavy pieces of metal whirled through the darkness.

Fireman George March was stunned when he was struck on the side of the head and the helmet of Fireman Charles Rupp, Jr., was dented badly when another section of roofing struck him.

Mrs. Albert Koontz, Steinwehr avenue, a spectator, was hit on the head and knocked unconscious. She was taken to the Warner hospital for treatment for concussion.

A half dozen hogs died in the flames or were so badly burned by the time of their rescue that they had to be destroyed. Mr. Baldwin said at the time of the fire he believed six head of cattle had burned but a checkup this morning showed all of the livestock with the exception of the hogs and a number of chickens had escaped.

The flames were discovered about 10:45 o'clock by a passing motorist who aroused the Baldwins who had retired for the night. Mr. Baldwin succeeded in removing a tractor from a shed and rescued two horses and 17 head of cattle.

Fire Spread Quickly  
He said the flames apparently started near the center of the upper section of the barn. A few minutes after they were discovered, fire was bursting from both ends of the stone and frame structure that measured about 70 x 45 feet.

Gettysburg firemen responded to a call and laid about 1,000 feet of hose to Rock creek but the first pumper on the scene could not be put in operation. There was a delay of more than 15 minutes until two more pumps were taken to the scene and a line of water was turned on the blazing barn. Later three streams were played on the ruins.

3 Sheds Also Lost  
The barn was beyond saving when the firemen arrived but the delay in getting water on the flames resulted in the loss of a large shed between the barn and the highway and the destruction of milk and pump sheds housing a milk cooler at the front of the barn.

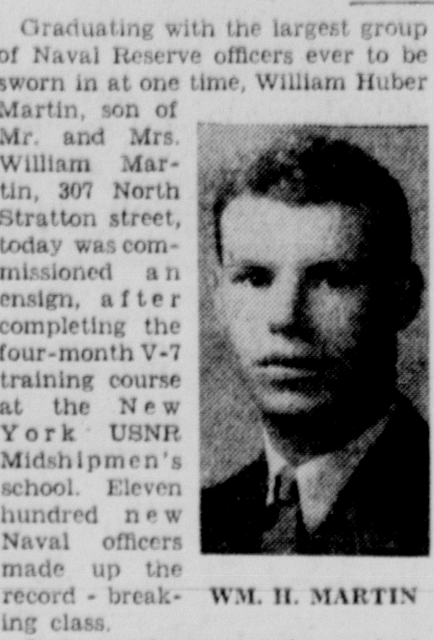

Firemen saved a large lean-to wagon shed at the west end of the barn and with it saved a large crib partly filled with corn.

The work of the fire company also saved other sheds, chicken houses and a hogan that stood nearby. Several pieces of farm machinery were lost in the barn.

Winds Spread Sparks  
Mr. Baldwin said there was about 250 bushels of grain and the season's crops of hay and straw in the barn. (Please Turn to Page 2)

Recently Mr. and Mrs. Kennedy had observed the fiftieth anniversary of their wedding day.

Surviving are the husband and three children: Robert, at home; Hillary, York Springs R. 2; Mrs. Margaret Brough, York Springs R. 1; Glenn, Aspers R. D., and Private Clyde Kennedy, Camp Shelby, Mississippi. There are nine grandchildren.

Funeral services Saturday from the Kennedy home at 1:30 o'clock with further services in the Heidelberg Lutheran church and interment in the cemetery adjoining the church. The Rev. Elmer Durr, pastor, will officiate, assisted by Prof. Donald R. Heiges of the Gettysburg college faculty.

Friends may call Friday evening at the Kennedy home.

The New York Midshipmen's school, it was revealed, is now turning out officers at the rate of 10,000 a year, rivaling Annapolis as a source of Naval officer-material. Midshipmen are quartered in three Columbia university dormitories, and aboard the USS Prairie State, training ship moored in the Hudson river.

After a short leave, Ensign Martin will report immediately for active duty at Urbana, Illinois.

## Local Minister Among Countians Bagging Deer

The Rev. Dwight F. Putman, Springs avenue, shot an eight-point deer weighing 144 pounds while hunting in the Virginia Mills district Monday afternoon.

Frank Mumper, Steinwehr avenue, brought down an eight-point buck while hunting with a party in Centre county, near Bellefonte, on Tuesday.

Robert Chapman, Orrtanna R. D., instead of Roy Chapman, shot an eight-point buck on Big Flat Monday. Roy Chapman is still confined to his home as the result of a gunshot wound received in an accident some time ago.

Arthur Brame, Jr., 17-year-old son of C. Arthur Brame, chief clerk to the county commissioners, shot a four-point buck weighing 125 pounds in Dead Woman's Hollow in the Big Flat section of the South Mountains, Monday. He was hunting with his father and other members of the Tumbling Run camp.

## ARENDTSTVILLE CLASS TO GIVE PLAY FRIDAY

A three-act comedy entitled "Mr. Cook Takes Over," by Mary Cunningham, will be presented by the senior class of Arendtsville vocational high school in the high school auditorium Friday evening at eight o'clock. The play is being directed by Sara M. Grove, English teacher at the school.

The story is centered about the problems of Mr. Cook, a high school mathematics teacher, when he attempts to assume the responsibility of his wife, namely that of managing the household. His methods meet with disapproval by Mrs. Cook and his three children, Thelma, Gladys and Ralph. Mrs. Cook objects to retiring at eight and getting up at five, Ralph objects to working in the garden, and the whole family objects to the menus planned by the "head of the household."

Further complications arise when Mrs. Cook receives visitors. Mr. Morgan, the new high school principal, comes to dinner, and a suitor of Thelma's serenades her with a voice that is anything but melodious.

The role of Mr. Cook will be played by Herbert Lady, while Mrs. Cook, his wife, will be played by Janet Kane. The three children, Thelma, Gladys and Ralph, will be portrayed by Janice Deardorff, Miriam Knouse and Ronald Baltzley, respectively. The parts of Donald Cook, a nephew, and Bessie, his wife, will be taken by Richard Allison and Dorothy Taylor. Suitors of Thelma, Bob Dennison and Bill Hartley, will be played by Harry Griffith and Glenn Slaysbaugh.

Betty Shindeldecker will take the part of Miss McNab, an aluminum-ware dealer, and Paul Fissel will take the part of Mr. Morgan, the high school principal. Dorothy Allison and Wilbur Keller will portray Mrs. Kelland, a friend of Mrs. Cook, and her son, Ned Kelland.

## Co. Child Welfare Committee Meets

The advisory committee of the Adams County Child Welfare Services met Tuesday evening at the court house with the Rev. Dwight F. Putman, chairman, presiding.

Plans were made for churches and organizations to present Christmas gifts to children under the care of the organization.

A committee, consisting of Mrs. E. A. Meyer, Mrs. Willis Weigle and Mrs. Guy Wenk, was appointed to arrange the annual dinner-meeting to be held in January.

C. C. Culp, Miss Mary Ramer and Mrs. C. H. Johnson were placed on a nominating committee to present a slate for new members on the committee.

**RADIO PROGRAMS**

New York, Dec. 1 (AP)—After Jan. 1, the night-time hour shows on the networks, once very much the vogue, will be reduced to five. By that time the Bing Crosby Music Hall will have joined other microphone productions which have been cut to 30 minutes.

The war has been a contributing factor to this trend, although a tendency toward more compact and shorter programs on the stream-line basis had been in evidence before Pearl Harbor.

The Crosby reduction will leave only one other hour on NBC, Kay Kyser on Wednesday night. CBS still has three, Kate Smith and the Caravan, both on Fridays, and the radio theater on Mondays. The Caravan was added this year. The Blu has only one, the Good Will Hour on Sundays.

In the 45-minute field, the Hit parade continues on CBS, while MBS this year added Jack Pearl.

CONGRESS GETS LOTTERY IDEA

Washington, Dec. 2 (AP)—A new Congressional drive for a Federal lottery, with war bonds as the prizes, got under way today.

Banking it was representative Ramsay (D-W. Va.), who introduced legislation authorizing the Treasury department to operate a lottery plan developed by Ernest W. Fogel of Beaver, Pa.

Unlike some other systems, Fogel's plan would guarantee some return to every ticket holder. Each ticket sold for \$1.25 would entitle the buyer to that much credit with local purchases of \$25 or more.

Ramsay said conservative estimates of monthly sales were about 30,000,000 tickets, or a dollar volume of \$25,000,000. Most of this would be profit for Uncle Sam, under whose supervision the lotteries would be operated. Monthly cash awards would range from a high of \$46,875 to the first winner, \$37,500 for second and 4,000 awards of \$18.75 each. All cash prizes would be paid in war bonds.

The maximum operating cost was estimated by Ramsay at about 10 per cent of the total sales. Deducting this and the amount of prizes from the total, the government, he pointed out, would reap a profit of about \$22,000,000 monthly.

JAP LOSSES

(Continued from Page 1)

of the estimated Japanese Naval personnel. United States Naval losses, he said, are about one per cent of the personnel strength and estimates of comparative loss and damage of ships and planes is "equally encouraging."

"We have a larger and more powerful Navy measured in tonnage, air power or anything else," he added, "than the day before Pearl Harbor—or the day after Pearl Harbor. Production records have been broken on almost every type of craft and I might add that the Navy uses more than 150 different types."

"I think you would like to know that the private companies and government yards which are building combat ships are setting records equal to anything now being achieved in the production of merchant ships."

Greatest Arsenal

Acknowledging that in the war effort Americans had displayed "timidity, hesitancy, inefficiency, confusion, waste and all the other things the critics say," Knox declared that in contrast:

"We have converted the greatest peaceful industrial plant into the greatest arsenal of all time."

"We have maintained our freedoms and our solvency at home."

"We have an Army in the south Pacific; an Army in Britain and an Army in Africa and we equipped them."

"We have a Navy on all the seas and it has no apologies for its performance to date."

"We have mounted offensives in two hemispheres."

"And the first anniversary of the war is still to come," he added. "Yes, I think as long as we do not overlook our failures there is nothing very immoral about taking a little comfort from our successes. I have said it before and I will again risk the assertion that, in view of the complexities and the enormity of the task, to date this has been America's best run war."

On Debt Side

On the debt side, the Secretary of Navy cited the nation's 50,000 men killed and missing since Pearl Harbor, the "staggering total" of \$46,000,000,000 spent on munitions and war construction this year, and predicted that the bill for 1943 would be more than \$70,000,000,000.

"And we might as well face the hard fact right now," he said, "that we have a tough period directly ahead of us in the Atlantic. The operations in north Africa have tremendously increased the Navy's task."

Knox declared that civilian sacrifices in 1942 were "but the forerunners of what's to come." In 1943, he observed, the nation will have to pay more taxes, work harder and experience more scarcities in many articles of food, convenience and comfort.

Changes Ahead

"Above and beyond all these changes, however, there will be one more important than all the rest," he added. "As time and battles go on, more and more homes in this land will display service flags with stars of gold. As war exacts its awful price they will become more impatient with delay, more intolerant of error."

"Summed up the changes which are ahead of us will mean that we will all live and work much closer to the war effort. If, as some say, we have only been ankle deep in the war this year, we will be up to our necks in the year ahead—in what Winston Churchill called 'stern and terrible' year."

"And until we are in this thing up to our necks we cannot hope to end it."

over again for the blue coupons in the same book.

When meat rationing starts, OPA will assign certain letters for use the first month or period of weeks—perhaps red A, B and C for February—and then will put out a price list, in points, on various kinds of meat—maybe something like this:

Cut	Points Per Lb.
Hamburger	1
Porterhouse	1
Lamb chops	3
Round steak	4
Bacon	5

This illustration is strictly hypothetical, because the big question which officials haven't settled yet is the point values to be assigned different kinds of meat. The points represent the figures on the coupons. An A-1 or an W-1 is good for one point, a B-5 or a T-5 five points and so on. Two C-2's can be used for a 4-point purchase.

**Budget The Points**

From this point on, you budget your points just like your money, except that it will be your points rather than your money that will be rationed. You might

## On Dr. Goebbels' Calendar There's a Circle 'round January 1

ON JANUARY 1 the Nazis are going to find out just how we Americans really feel about this war—whether we're all of us in it *all the way*.

For January 1 is the date set by Uncle Sam when everybody on a payroll ought to be enrolled in the Payroll Savings Plan—so that at least 10 percent of the gross payroll of every firm goes into War Bonds every payday.

And when we reach that goal by January 1—it's going to be painful news for Dr. Goebbels and his cronies.

At the moment there are many of us who ought to be on Payroll Savings Plans—and aren't.

And though some of us are investing more than 10 percent, a lot of us are doing less than we can and should.

So it's up to you to see that we "Top That 10 Percent by New Year's." If you're not in on the Payroll Savings Plan, sign up today. If you're setting aside less than 10 percent, get signed up for more—and fast! If you can afford to invest more than 10 percent, do it—and be glad you can.

For there's nothing that can end this war quicker, nothing that can shatter our enemies as completely as the knowledge that we Ameri-

cans are all of us fighting this war with everything we've got! And doing it our own democratic way—because we know in our own minds we've got to do it *to survive*.

And in serving our *country* we serve ourselves—not only today, but tomorrow as well. For every \$3 we put into War Bonds comes back to us as \$1 when the Bonds mature—to buy the things we want and cannot get today.

Won't you put your name on the line today? Sign up on the Payroll Savings Plan for not 6 percent or 7 percent or 8 percent but at least 10 percent of your wages every payday.

### WHAT YOU SHOULD DO ➤

If you are . . .

1. Already investing 10 percent of your pay in War Bonds through the Payroll Savings Plan—boost that 10 percent if you can.
2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
4. Unable to get in on the Payroll Savings Plan, for any reason, go to your local bank, or wherever Bonds are sold. They will be glad to help you start a Plan of your own.

# CONGRESS GETS LOTTERY IDEA

Washington, Dec. 2 (AP)—A new Congressional drive for a Federal lottery, with war bonds as the prizes, got under way today.

Backing it was representative Ramsay (D-W. Va.), who introduced legislation authorizing the Treasury department to operate a lottery plan developed by Ernest W. Fogel of Beaver, Pa.

Unlike some other systems, Fogel's plan would guarantee some return to every ticket holder. Each ticket sold for \$1.25 would entitle the buyer to that much credit with local purchases of \$25 or more.

Ramsay said conservative estimates of monthly sales would be about 20,000,000 tickets, or a dollar volume of \$25,000,000. Most of this would be profit for Uncle Sam, under whose supervision the lotteries would be operated. Monthly cash awards would range from a high of \$46,875 to the first winner, \$37,500 for second and 4,000 awards of \$18.75 each. All cash prizes would be paid in war bonds.

The maximum operating cost was estimated by Ramsay at about 10 per cent of the total sales. Deducting this and the amount of prizes from the total, the government, he pointed out, would reap a profit of about \$22,000,000 monthly.

over again for the blue coupons in the same book.

When meat rationing starts, OPA will assign certain letters for use the first month or period of weeks—perhaps red A, B and C for February—and then will put a price list, in points, on various kinds of meat—maybe something like this:

Cut	Points Per Lb.
Hamburger	1
Porterhouse	8
Lamb chops	3
Round steak	4
Bacon	5

This illustration is strictly hypothetical, because the big question which officials haven't settled yet is the point values to be assigned different kinds of meat. The points represent the figures on the coupons. An A-1 or an W-1 is good for one point, a B-5 or a T-5 five points and so on. Two C-2's can be used for a 4-point purchase.

**Budget The Points**

From this point on, you budget your points just like your money, except that it will be your points rather than your money that will be rationed. You might have a ration of 48 meat points for February. If you spend all your coupons on porterhouse, well, you spend them all on porterhouse and that's that. If your taste runs to hamburger you get more of it for your coupons. The government has printed 160,000,000 of these new "ration money" books, so that everyone can have one. While meat is expected to be the first commodity rationed with it, other things may be allotted with the same book. For instance, all the red coupons could be used for meat, leaving all the blue coupons for perhaps clothing, although OPA does not contemplate clothing rationing at present.

**Five Are Jailed For Disorderliness**

Entering pleas of guilty to disorderly conduct counts laid by John Black, manager of the Heller fruit farm near Bendersville, five men who were arrested by police Sunday afternoon, were ordered to the county jail after hearings Monday evening before Justice of the Peace E. H. Myers, Idaville. Each was given a five-day jail term in default of payment of a \$5 fine and the costs.

The prisoners are John George, York; John Carson, Harrisburg; Francis Wirth, Middletown; Glenn Dehaven, Martinsburg, West Virginia; and John McCarthy, New York city.

The play was given for the benefit of the athletic activities at the school and about \$80 was cleared.

Soldiers Leave: Twenty-six members of the Quartermaster Corps left for Jacksonville, Florida, where they will take a course of schooling in their branch of the army's work. Among those in the party were John Slaybaugh and Robert Eckenrode, of Gettysburg. Both have been in the service for several months.

At the morning service the prayer was offered by Dr. C. F. Sanders, and the addresses were by Dr. W. A. Granville and Dr. J. A. Sirgmaster. In the evening Dr. M. Coover offered the prayer and the sermon was preached by Dr. H. C. Allen.

## REPORT ICKES DECLINING TO ACCEPT OFFICE

Washington, Dec. 2 (AP)—Interior Secretary Harold L. Ickes was reported bowing out of the manpower spotlight today and President Roosevelt has been asked to create a single administrator.

Authorized sources who cannot be identified said the President and Ickes had agreed at a conference yesterday that the job of exercising over-all supervision of the Federal manpower machinery probably should go to some more available candidate.

It was decided, these sources said, that there would be too many complications involved in a three-way cabinet shift which would be necessary to switch Ickes from Interior to Labor, in order to give him full control over Selective Service as well as industrial and farm labor.

**Oil Men Like Ickes**

Then, too, there was accumulating evidence that the oil industry, which viewed Ickes with a jaundiced eye when he was made Petroleum Coordinator a year and a half ago, had come to like him so well that it did not want to let him go.

Only this week, W. G. Skelly, one of the industry's leaders, disclosed that he and other executives were appealing to the President to keep Ickes in his petroleum post.

Declaring the Interior Secretary had done "a whale of a job" Skelly said it would be a loss to the industry and to the war effort if he were removed as coordinator.

It was emphasized meanwhile that the President had not abandoned the idea of centering all manpower controls under one man—the only thing lacking at the moment is an acceptable man.

**"Plenty on Range"**

At his Press Conference yesterday, Mr. Roosevelt told reporters that there was nothing on the fire when he was asked about the projected cabinet shift, under which Paul V. McNutt would have become Interior Secretary and Secretary of Labor Frances Perkins would have succeeded McNutt as Federal Security Administrator.

The President began by saying there was nothing ready to serve, that there was quite a lot of food on the range but that it had not been cooked for the reporters as yet.

When asked flatly whether Ickes would be moved to the Labor post, Mr. Roosevelt repeated there was nothing on the fire.

This, coupled with later information from other sources, made it fairly clear, to carry out the President's allegory, that the plan for a supreme manpower commander had been returned to the ice box for the time being.

**Sentence Jeweler In Jewel Robbery**

New York, Dec. 2 (AP)—The case of a \$125,000 Pennsylvania jewel robbery was marked closed today after Joseph A. Arnold, 33, former New York jeweler, was sentenced to nine months in prison.

Arnold was charged with having bought some of the jewels stolen in 1939 from Mrs. Henry W. Breyer and her daughter-in-law, Mrs. Henry W. Breyer, Jr., of the family of Philadelphia ice cream manufacturers.

The state recommended leniency for Arnold after he testified against four robbers, all of whom received prison sentences. Two other jewelers who testified for the state were sentenced to prison previously.

**NORTH AFRICAN SUPPLIES**

Washington, Dec. 2 (AP)—More than \$5,000,000 worth of civilian goods has been purchased under the lend-lease program for early shipment to French North Africa and a program has been prepared for the purchase of additional civilian supplies of "many times that value."

The Office of War Information announced Tuesday. Civilian supplies will be sent as rapidly as shipping space becomes available.

burg made a visit to Gettysburg Thursday.

Mrs. Joseph Kendlehart has gone to Harrisburg where Mr. Kendlehart has accepted a position and where they will make their home.

Misses Grace Sachs, Reba Miller, Minnie Lohr and Bernadette Thomas are spending several days in Wilmington.

Among the boys from army camps who spent Sunday with friends in town and county were the following: William H. Allison, John W. Hartman, Dorsey Sowers, Walter Swisher, Robert Dearick, John Shultz, Guy Apple, Arthur Taughinbaugh and Adrian Crampton.

## FLASHES OF LIFE

Bristol, Va. (AP)—Thirty-eight gas stations in Bristol, Va., say they will be out of business unless the value of rationing coupons is raised in the Virginia half of the city or lowered in the Tennessee half.

Coupons are good for only three gallons in Virginia, while the motorist can drive fifty feet across the street and get four gallons.

**TASTY DISH**

Anniston, Ala. (AP)—After all, there is something new under the sun.

The patron of a local barbecue stand ordered sweet milk and crackers. He mixed them in a bowl, and seasoned with salt and pepper. Then he chipped an apple into the bowl. Finally he took a bottle of whiskey from his pocket and poured in a liberal portion.

Then he disposed of it all with a spoon.

**DEAR SANTY**

Medford, Ore. (AP)—The first letter to Santa Claus from a Camp White soldier to reach the camp postoffice read:

"Dear Santy: Due to the fact that there is a war on, I wanted to get my Christmas order in early. My want list is as follows: One quart—any brand, but good. One honorable discharge right after we've settled this war."

**WHAT'S COOKIN'?**

Waukegan, Ill. (AP)—Thieves who broke into Sven Christensen's hamburger shop certainly were hearty. Besides frying pork chops and several eggs on the grill, they broke eggs all over the floor, police said. Further losses were: More eggs, 12 pork chops, two T bone steaks and \$15.

## ALLIES BATTER JAPS AT GONA

Allied Headquarters in Australia, Dec. 2 (AP)—With only a matter of yards separating the Japanese and Allied lines in the jungle, savage fighting flamed on the left flank of the New Guinea battle-front Monday.

A spokesman for General Douglas MacArthur said Tuesday the fighting was "close in" and particularly heavy on the Gona end of the 20-mile strip of beach which represents the sole Japanese foothold left in Papua.

Between Gona on the west and Buna on the east, Allied patrols already had driven a wedge, at least temporarily, and succeeded in reaching the beach.

Artillery hammered both sides Monday and the Allies called on heavy mortar fire to destroy some Japanese machinegun posts in the Gona area. Reports from New Guinea said artillery hits destroyed four barges and started towering fires among stores around Gona.

## ITALIANS GET LITTLE CHEER FROM IL DUCE

(This column, conducted as a daily feature by Dewitt MacKenzie, is written today by Glenn Babb, Mr. MacKenzie, now touring the Middle East war zone, is expected to resume shortly.)

Benito Mussolini admitted today that the United Nations were winning the current round of the war of nerves against his sorely beset people.

His admission was not put in so many words; it lay in the fact that he spoke at all.

Obviously the psychological warfare the Allies are concentrating on Italy, which reached a booming climax Sunday in Winston Churchill's broadcast, forced the Duce to break a virtual silence of almost a year.

Reading excerpts from the speech, it is difficult to see how it could have warmed Italian hopes or dispelled Italian fears. To alien ears, in which the sonorous cadences of Churchill's pronouncement of doom on Italy still are ringing, it sounds as feeble as a popgun reply to a battleship's broadside. Its tone and content seem to a non-Italian defeatist. It may have sounded different to those it was meant to reassure.

But his reference to the removal of women and children from the great industrial cities of the north which the RAF has laid in ruins could not have been cheering, nor the catalogue of Italy's losses in men and ships, even though these were understated. Neither could there have been much Italian joy over the promise that Germany would reinforce Italy with "powerful contributions." Already Il Duce's people know too much of these contributions, the German divisions and Gestapo units which have robbed them of what little freedom of decision the Fascist regime had left them.

For further solace Mussolini had to turn to the record of his other ally, Japan. During the year since Il Duce made his last full dress oration from his balcony, overlooking the Piazza Venezia—it was on Dec. 11, when he declared war on the United States—Japan has conquered a great empire. Italy has just about completed the process of losing an empire. That contrast can hardly fail to escape millions of Italians. Can they draw comfort from that?

Nothing could point more strikingly to the sorry place to which Italy has fallen in the plunderbund into which Mussolini thrust her. While the last vestiges of her empire are slipping away she is confronted with the choice of continuing to fight to help her associates hold their spoils or surrendering.

This, of course, is a one-sided picture. There doubtless is another side, and it would be a grave error to assure that Italy is about to fall out of the war. There must still be millions of Italians to whom the idea of surrender is either still distant or repugnant, who still acknowledge claims of loyalty to the Fascist regime and the Mussolini leadership, whose minds are capable of considering Il Duce's wheedling, puffing oration an adequate response to Churchill's invitation to revolt.

## CRAMPS LAUNCH HUGE CRUISER

Philadelphia, Pa., Dec. 2 (AP)—The Miami—first big cruiser to be launched at the Cramp Shipbuilding company yards since 1924—will slide down the ways Tuesday to climax a series of warship launchings over the nation on Monday, anniversary of the Pearl Harbor attack, the fourth naval district announced last night.

Mrs. C. H. Reeder, wife of the mayor of Miami, Fla., will christen the ship and Assistant Secretary of the Navy Ralph A. Bard will make a 10-minute speech. Thousands of Cramp's workers will attend the 30-minute ceremony.

As soon as the Miami hits the Delaware river, the Navy said, workmen will begin laying the keel of the cruiser Oklahoma City.

The Miami will be the first big combat ship built at Cramp's since the light cruiser Memphis. Just before the Memphis was christened on April 17, 1924, Cramp's built the cruiser Marblehead, her sister ship, which survived a severe Jap attack and steamed 13,000 miles home to become known as "the unsinkable Marblehead."

## General Clark Given DSM For "Heroic Deed"

Allied Headquarters in North Africa, Dec. 2 (AP)—Lieut. Gen. Dwight D. Eisenhower Tuesday personally decorated Lieut. Gen. Mark W. Clark with the distinguished service medal for his "outstanding characteristics of leadership, sound judgment, and soldierly qualities" in carrying out a hazardous secret mission to Africa before the Allied invasion.

Eisenhower, a West Point companion of Clark, decorated the tall, youngest lieutenant general in the U. S. Army in a simple ceremony.

The citation said:

"General Clark, as deputy commander in chief of the Allied North African force, rendered distinguished service to the United States Army in connection with planning the organization for operations in Africa."

**Soldierly Qualities**

"As deputy commander, he carried out a vitally important and hazardous mission to Algiers by submarine, and conducted it with conspicuous success important to negotiations with the French official staff. In all these duties he displayed outstanding characteristics of leadership, sound judgment, and soldierly qualities to honor the Army of the United States."

When Clark was decorated, he was flanked by the greatest collection of top-ranking generals and gold braid thus far assembled at headquarters here—and by Negro Sergeant William Chaney, of Washington, D. C.

# Big League Chiefs Ponder Night Games And Standard Ball

## ALL-STAR TILT TO BE PLAYED IN SHIBE PARK

Chicago, Dec. 2 (AP)—The major leagues returned to their wartime baseball discussions today still at odds over night game schedules and what should constitute a standard baseball for the duration.

It was considered likely that both differences would be settled tomorrow when the National and the American leagues meet jointly with Commissioner K. M. Landis.

Meantime, separate sessions continued today, with still no semblance of a player deal in the offing.

**Night Game Issue**

The National league voted yesterday that each team be restricted to seven night games in 1943. The American agreed to a maximum of 14 for clubs other than Washington, which was allowed 28 on Clark Griffith's contention that the Senators were the only team in Washington and that most workers there had daytime hours.

The question of an official wartime baseball was taken up because of a rubber and cork shortage. Both leagues would use reprocessed materials, but the National asked a rubber core while the American voted for a cork center. The National league said it was its intention to use a reported one million rubber cores now available with the manufacture of golf balls halted.

**Agree on 3 Points**

The majors, however, were in agreement on these subjects:

1. To hold the 1943 All Star game at Philadelphia's Shibe park July 7 with the American league as the home team and proceeds going to baseball's "ball and bat" fund.
2. To maintain the present player limit of 25 for each club.
3. To extend the present major-minor league agreement for another year.

A three point request from Joseph Eastman, director of the Office of Defense Transportation that baseball travel be curtailed came in for some attention by the American league, which ordered all its clubs to review spring training plans and to cut down on travel where possible. The result might be a number of changes in exhibition schedules.

**Phil's Big Problem**

The National league, however, became wrapped up in the financial plight of the Philadelphia Phils. President Ford Frick said the league's board of directors were working on three plans to solve the Phil's money problems, but added that he doubted a solution would be found during the Chicago meetings.

Frick also disclosed that a fourth plan, one in which "Bill Terry could fit into the picture," was abandoned yesterday. He hastened to add, however, there might be other propositions forthcoming and that abandoning of this one did not mean that Terry, who resigned Monday as farm director of the New York Giants, might not turn up in Philadelphia.

**JANNAZZO IS BEATEN ON TKO**

Cleveland, Dec. 2 (AP)—Ray Robinson, Inc., isn't listed on the New York stock exchange but many a fight fan wished today he owned a slice of the stock.

The company, whose business is fighting by the president and treasurer, Mr. Robinson—better known as Sugar—last night eliminated a business competitor, welterweight "Izzy" Jannazzo, on the Cleveland News' 17th annual Christmas Fund show at the Arena.

"Eliminated" is the word, for the 148½ pound Jannazzo absorbed such a barrage of lefts and rights in the eighth stanza of their scheduled 10-rounder—that Robinson was awarded a technical knockout while a crowd of 13,190 who paid \$47,934.98 to watch the program roared its approval.

Robinson, weighing 145, delivered a volley of lefts and rights to Jannazzo's face during most of the first seven rounds. In the eighth Sugar slammed Izzy all over the ring and finally floored him for a count of nine. Robinson resumed his deadly attack after Jannazzo arose and Referee Jackie Davis halted it after two minutes and 43 seconds of the round.

## Wounded While Checking Sights

St. Mary's, Pa., Dec. 2 (AP)—William (Bud) Westbrook, 19, of Sayre, Pa., was wounded in the right hand yesterday when he reached for a companion's gun to check the sights and the weapon discharged.

The accident occurred near Emporium. Bernard Nichols, 20, of Athens, Pa., brought Westbrook to the hospital here.

Nichols said he had complained he overhot the last deer he fired at and Westbrook was going to correct the oversight when the accident occurred.

## SPORTS ROUNDUP

**By HUGH FULLERTON, JR.**

New York, Dec. 2 (AP)—Probably the happiest guy in Boston when Holy Cross handed Boston college that licking Saturday was Art Ross. As long as B. C. kept winning on Saturday, Ross' Bruins couldn't get a tumble for their Sunday night hockey victories, but now Art figures the papers will give him some space. . . . First word trickling back from the Chicago baseball meetings is that Branch Rickey has tossed Joe Medwick, Bobo Newsom and Schoolboy Rowe on the market—which may be Branch's way of admitting that he overcharged the Dodgers when he sold them Medwick. . . . Colgate's Andy Kerr says that football movies have increased the coaches' work 50 per cent.

**HEADLINE HEADLINER**

While the football "bowl" games still were in the doubtful stage the other day, a Minneapolis Times headline writer summed it up this way: "Appraise the horde, and pass the invitations."

**CRASHING THE GATE**

When the McClellan Field (Calif.) baseball team was preparing to visit Polson prison recently, a couple of officials thought it would be a good idea to ask Tony Bonham, the Yanks' pitcher to go along. . . . Driving through the dimout and searching for an unfamiliar house, they smacked right into a parked car. . . . The door of the house flew open and out rushed a husky looking athlete. . . . It was, of course, Bonham, and after seeing that his car wasn't badly damaged, he agreed to make the trip.

**SHORTS AND SHELLS**

Wilson Teachers' college of Washington, D. C., which dropped basketball last winter, has decided to put a team on the court this season. . . . According to Bill Benswanger, the Pirates will save transportation by training in California next spring because more Pennsylvania players live near San Bernardino base than near any other site. . . . The "gate" for the Tulsa-Arkansas football game was the largest in Tulsa's grid history because Arkansas insisted that prices should be raised to Southwest Conference levels. . . . First winter "event" of the Milwaukee-Oconomowoc Ski club didn't require any skis. Members were summoned to put in a day's work smoothing the slopes.

**TODAY'S GUEST STAR**

St. Burick, Dayton (O.) News: "Billy Hillenbrand of Indiana is the highest-ranking student in his journalism class this fall. . . . He's writing a football story for his term paper. . . . But the fellow is smart enough not to want to be a sports writer. . . . He's really taking a pre-law course."

**POSTMAN'S PARAGRAPH**

Clifton E. Wilson of the Moscow Daily Idahoan comes up with a new candidate for the high school football winning-streak record. . . . This year Moscow high lost to Pullman, Washington, for the first time in a rivalry that dates back before the first World war. Although early records have been lost, Moscow officials estimate their winning streak lasted more than 25 years. . . . To even accounts, Pullman is the home of Washington State college which has defeated the U. of Idaho, located at Moscow, for the past 15 seasons.

**SERVICE DEPT.**

Bob (Seldon Hall) Davies and Eddie (Notre Dame) Riska, stand-out shooters in last week's All Stars-Oshkosh basketball game at Chicago, will campaign together on the Great Lakes Naval Station Court team this winter. . . . The weekly boxing shows at Keesler Field, Mississippi, have been transferred to the USO club at Biloxi to provide room for the crowds of 5,000 or more soldiers. . . . Sgt. Greg Mangin, former First-Ten Tennis star isn't spending any time on the court at Hunter Field, Georgia, because he's too busy learning to handle a machine gun. Too old to become a combat pilot, Greg turned down an appointment as physical instructor and declined to apply for officers' candidate school to become an aerial gunner.

## POLL REVEALS INCREASE IN GRID SCORING

**By HAROLD CLAASSEN**

New York, Dec. 2 (AP)—Whether freshmen football players, given 1942 varsity status in many sectors because of the war's manpower demands, increased or decreased the scoring still is open to question although the season is virtually over.

The Associated Press' twenty-first annual scoring survey, involving 193 teams scattered throughout the country, shows that only two sections showed a gain in the average number of points in a game compared with similar figures of a year ago.

One of the sectors was the mid-west, where the Big Ten and the Big Six conferences did not use the freshmen. The other was the Rocky mountain area, where the fresh were welcomed.

The southern and eastern districts, where use of freshmen was common showed a decline as did the far west and southwest which followed the midwest in not allowing the freshmen to play.

**Average Increase**

However, the midwest and Rocky mountain sector increased their scoring to such an extent that the entire country showed a gain.

A year ago the teams averaged 14.54 points a game, this season the 193 schools collected 24,081 points in 1,601 contests for an average of 15.04, the highest since 16 points was registered in 1930. The record average, 19 points, was set in 1922.

Along with the increase in the average game scoring, the team totals for the season also took a decided leap, zooming to 124.77. That is the highest figure since 1931 when it was 124.70.

On a per game basis the mid-west led in 1942 with 19.41 points, compared with 17.96 a year ago. The figures on the south were 16.11 and 16.79; for the Rocky mountains 15.70 and 12.30; for the southwest 13.58 and 18.24, a loss of almost a touchdown a game; the east with 13.12 and 12.59; and the far west 12.44 and 14.36.

## NEGRO BEATS MAXIE SHAPIRO

**By TED MEIER**

Philadelphia, Dec. 2 (AP)—Bob Montgomery started his campaign to win the lightweight title recently vacated by Sammy Angott by eliminating Maxie Shapiro in a 10-rounder at the Arena last night.

The Philadelphia negro, who lost considerable prestige when Shapiro whipped him in the same ring in October, outpunched his New York opponent to gain an unanimous decision and a large measure of revenge before a crowd of 8,119 who contributed to a gross gate of \$18,125.

Shapiro, who floored the negro three times in their October meeting, encountered a different Montgomery this time. Shapiro appeared puzzled by Montgomery's bobbing and weaving tactics that constantly kept the New Yorker off balance and made most of his swings miss.

Montgomery concentrated on a body attack and kept boring in to ram home punches over Shapiro's heart and kidneys and in the pit of the stomach. The Bobcat piled up a big lead on points in this way during the first five rounds. Staved off Shapiro's rally in the seventh and eighth stanzas, then cut loose a hard right in the last round that staggered the New Yorker.

Judge Frank Knaresborough voted for Montgomery, six rounds to four. Judge Harry Lasky and Referee Irving Kutcher each gave Montgomery five, Shapiro four and called one round even.

Montgomery weighed 135½ to Shapiro's 134½.

## Has Pin Removed From Her Throat

Philadelphia, Dec. 2 (AP)—Lorraine Henriquez, aged nine months, who came here from the West Indies to have an open safety pin removed from her throat, is on her way home today.

The child was discharged from the Chevalier Jackson Bronchoscopic Clinic yesterday. Her mother, Mrs. Leah Henriquez, who brought her here, booked passage by plane for the return trip.

Lorraine was flown here on an emergency schedule. The pin was removed 11 days ago.

**WANTS SALARY ACT EXTENDED**

Washington, Dec. 2 (AP)—President Roosevelt plans to ask the new Congress to extend the \$25,000 net salary limitation to investment income, beginning 1943. An informed official who could not be quoted by name said Tuesday the President believed that all types of earnings should be limited until "Victory" but had omitted investment income from his executive order because he was informed the wage stabilization act gave him no authority in that field.

**MY, WHAT NERVE!**

Harrisburg, Dec. 2 (AP)—Thieves took their time in ransacking the home of John Y. Scott. They packed a suitcase with clothing valued at \$50, then drank a quart of milk before leaving.

## SPORT SHORTS

Chicago, Dec. 2 (AP)—Should Bill Terry become associated with the Philadelphia National League Baseball club, he'll have to brush up on his after-dinner speaking, says Jimmy Wilson, Chicago Cubs manager.

Wilson, former Phils' manager, said that once he made 51 dinner and luncheon talks in 40 days, "but it didn't do much good for Philly, because we kept on losing. Nobody has found a substitute yet for winning."

## March Grand Jury To Hear Of Probe

Uniontown, Pa., Dec. 2 (AP)—James I. Marsh, special deputy attorney-general appointed to supersede District Attorney N. Vance Cottom of Fayette county in an investigation of rackets and county finances, reported he will present his findings to the March grand jury.

So many details remain to be cleared up that it will be impossible to take the inquiry before the December grand jury, Marsh said, but the March jury likely will be called into session three weeks early.

## OBJECTORS MAY ESCAPE TRIALS

Philadelphia, Dec. 2 (AP)—Peace-loving members of the Wenger Mennonite sect may escape criminal prosecution for failure to comply with terms of the Selective Service act, Assistant U. S. Attorney Edward E. Kallick indicated in federal court.

Kallick asked that the trial of a dozen pending cases be deferred until Brigadier General Lewis B. Hershey defines "essential" agricultural pursuits. Persons engaged in such pursuits now are entitled to deferment and almost all members of the Wenger Mennonite sect are farmers.

Kallick said his petition to postpone the trials was filed at the request of Attorney General Francis Biddle who, he said, is having conferences with General Hershey on the status of Mennonites and others in farming classifications.

About 20 Pennsylvania Mennonites already are serving prison sentences for refusing to report to conscientious objectors' camps.

## Sees New Low In Non-War Effort

Philadelphia, Dec. 2 (AP)—Industrialist H. W. Prentiss, Jr., thinks civilian production will be reduced to "the lowest level at which it is possible to maintain life at home."

Prentiss, former president of the National Association of Manufacturers and president of the Armstrong Cork company of Lancaster, Pa., told manufacturers and War Labor Board representatives at a regional meeting:

"Certain industries have already found it impossible to continue to operate. Other companies have abandoned hard-won positions of industrial leadership to pour their productive genius and equipment into the all-out war effort. Such situations will multiply in months to come."

Manufacturers will "far exceed all previous achievements of American industry in war production," he added.

## March Grand Jury To Hear Of Probe

Uniontown, Pa., Dec. 2 (AP)—James I. Marsh, special deputy attorney-general appointed to supersede District Attorney N. Vance Cottom of Fayette county in an investigation of rackets and county finances, reported he will present his findings to the March grand jury.

## 32 Million Vehicles Start Mileage 'Diet'

Washington, Dec. 2 (AP)—About 27,000,000 passenger cars and 5,000,000 commercial vehicles went on a mileage reducing diet Tuesday as nationwide gasoline rationing set in to the accompaniment of both praise and protest.

For 17 eastern states where the fuel curb was inaugurated four and a half months ago, it was just another day of restricted driving. But for motorists elsewhere, the old cry of "fill up the tank," was newly un-moded.

More than 90 per cent of the drivers in today's rationed area have their basic "A" ration cards, the Office of Price Administration estimated, entitling them to four gallons a coupon—calculated to be a week's supply. The eastern zone, with the exception of West Virginia, gets three gallons a coupon.

Before the war the United Kingdom imported about 2,500 tons of pig bristles a year.
